360° Beyond Work Life provides an extraordinary cost-effective platform to manage your retiree (inactive) population in Employee Central.

The solution is simple to use, providing retirees with easy access to their information with the ability to update details throughout the year. For the Administrator, it alleviates tedious and trivial processes that get in the way of more important work. Changes in retiree information are received securely for review and update. HR Administrators can also utilize the 360° Beyond Work Life platform as a tool for communication with their retiree population.

Features

- **Retiree Self Service Portal (RSS)**
  The RSS portal is a platform providing access to retirees to view and update retiree information without additional licensing costs.

- **Retiree Communication**
  Keep your retirees informed and engaged by using the collaboration tool within the platform.

- **Configuration & Design**
  The platform is easy to configure to your unique organizational goals, identity and branding.

- **Mobile and Desktop**
  Retirees can access and manage their relevant information from their desktop computers or on-the-go on their mobile devices - compatible with iOS & Android.

- **Easy to Use**
  Effortless viewing and capturing of retiree information through mobile or desktop devices.

- **100% Secured**
  Our secured and encrypted database servers on AWS managed platform performs daily snapshots and weekly backups on encrypted databases.
